December 1, 2010

Everyone is Invited - Make Plans for Thursday, December 2!

Come to the Classic Challenge Reception, hosted by NRBC and Platinum Performance

If you're at or around the National Reining Horse Association Futurity at the Fairgrounds in Oklahoma City, make sure to stop by the National Reining Breeders Classic Booth in the Superbarn for the Classic Challenge Reception.

The Classic Challenge Reception, which will be held 4-6 p.m. Thursday, December 2 prior to the NRHA's \$100,000-Added World Championship Shootout, is hosted by the NRBC and NRBC Sponsor Platinum Performance. Hot and cold hors d'oeuvres, as well as complimentary beer and wine, will be served. During the Reception, NRBC Board Members and Staff will be available to visit about the innovative new program, and Platinum Performance representatives will be available to answer questions about their products.

Advancement forms for the Classic Challenge can be found at the NRBC Booth, and everyone who advances their horse during the NRHA Futurity will be entered in a drawing for VIP treatment at the 2011 NRBC - including camper space, two preferred paid warm-ups, and the use of a golf cart.

The NRBC has long been the highest added-money event in the reining world, and is the leader of the reining industry. Now, with the international influence of competition for aged horses, the NRBC has once again stepped into the front-line, creating the Classic Challenge which celebrates a lifelong career for reining horses. NRBC President Tom McCutcheon noted, "The Classic Challenge will give horses an extension of their show careers and a chance for FEI horses to have another big money event to compete in. It will also encourage proper training and maintenance so that reining horses will have a longer show career at all levels."

The Classic Challenge class will be held at the NRBC beginning in 2011. The Classic Challenge Open class will feature \$20,000 added and will run concurrently with the \$25,000 Added NRHA Category 1 Open class and the \$5,000 Added CRI. - that makes a total of \$50,000 Added for Open horses! There is also \$41,000 in the Non Pro divisions, and there are Classic Challenge classes for Youth, as well.

For more information about the Classic Challenge program, stop by the NRBC Booth during the NRHA Futurity, or contact the NRBC Office at 580-759-3939 or at nrbc@nrbc.com.
