Come by the NRBC Booth at the NRHA Futurity today and visit with NRBC Sponsorship and Advertising Coordinator Loren Morris.

He'll answer your questions on the NRBC but we have had some questions about the new USA Reining Classes.

Here's some information on USA Reining:

---

**What Is USA Reining?** USA Reining seeks to foster the sport in the U.S. and provide a pipeline for athletes to progress through the various levels of competition from youth and beginner to advanced, and eventually into FEI International competition. It is also the goal of USA Reining to represent its members as a fully compliant USEF-recognized affiliate, advocating fair sport and horse welfare as key values of the organization.

**Our Mission...** From youth and amateur activities to open competition, USA Reining is the national-focused governance organization for the western horse sport of Reining within the USEF structure of equestrian sport. USA Reining works to provide an access point for interested fans and athletes, to promote, educate, and develop the sport in the United States and to actively support the success of US teams.
